ABOUT ME

I am a dedicated MERN Stack Developer with expertise in building responsive web applications. Pursuing a B.Tech in Computer Science & Engineering, I specialize in React.js for the frontend and Node.js, Express.js, and MongoDB for the backend. With strong skills in JavaScript, HTML, CSS, and Bootstrap, I aim to create seamless full-stack applications that deliver excellent user experiences.

EDUCATION

JIT Barabanki (AKTU)

B.Tech in Computer Science & Engineering

I am pursuing a B.Tech in Computer Science & Engineering, focusing on web development, algorithms, and software engineering. I have experience with modern frameworks, database management, cloud technologies, and have completed academic projects using the MERN stack.

Hewett Polytechnic Lucknow (UPBTE)

Diploma in Information Technology

I completed a diploma in Information Technology, building a strong foundation in programming, databases, and software development. I developed skills in HTML, CSS, JavaScript, and other web technologies through hands-on projects and practical experience.

EXPERIENCE

I am an enthusiastic Full Stack Developer with a strong foundation in MERN Stack. Eager to apply my knowledge and project experience to real-world work. Skilled in creating responsive interfaces, managing state with Redux, and optimizing web performance, I ensure efficiency and productivity in development.

TRAINING

MERN Stack Training - Softpro India

I have gained experience in building Full-Stack web applications using MongoDB, Express.js, React.js, and Node.js. I've worked on projects involving REST APIs, managing front-end state with Redux, and improving UI components with Bootstrap and jQuery.
