

# ANKIT JAISWAL

## MERN STACK DEVELOPER

### ABOUT ME

I am a passionate MERN Stack Developer currently interning and building responsive, scalable web applications. Proficient in React.js, Node.js, Express.js, and MongoDB, I also have strong skills in JavaScript, HTML, CSS, and Bootstrap. I aim to create seamless, user-friendly full-stack applications that deliver exceptional experiences while solving real-world problems efficiently.

### EDUCATION

#### JIT BARABANKI (AKTU)

##### B.Tech In Computer Science & Engineering

I am pursuing a B.Tech in Computer Science & Engineering, focusing on web development, algorithms, and software engineering. I have experience with modern frameworks, database management, cloud technologies, and have completed academic projects using the MERN stack.

#### HEWETT POLYTECHNIC LUCKNOW (UPBTE)

##### Diploma In Information Technology

I completed a diploma in Information Technology, building a strong foundation in programming, databases, and software development. I developed skills in HTML, CSS, JavaScript, and other web technologies through hands-on projects and practical experience.

### EXPERIENCE

I am an enthusiastic MERN Stack Developer currently interning and building responsive web applications. Skilled in creating user-friendly interfaces, managing state with Redux, and optimizing web performance, I am eager to apply my knowledge to real-world projects and contribute to efficient development processes.

#### MERN Stack Developer

##### Digital Addworld Tech. Pvt. Ltd. Jaipur

During my internship at Digital Addworld Tech Pvt Ltd, I built full-stack web apps with the MERN stack, developed REST APIs, managed state with Redux, and improved UI using Bootstrap and jQuery. I also worked on MongoDB for database design and contributed to a casino (betting) website.
